Pledge

A new school pledge was introduced to instil a sense of pride in TS-pians in the ethos & values held dear by their alma mater.

This pledge is recited during every assembly:

I, as a student of The South Public School, do solemnly pledge to uphold the ideals of my alma mater.

I shall endeavour to assimilate the values and knowledge imparted by my school.

I vow to treat my body as the temple of my consciousness. I shall conscientiously follow the 5 principles upon which our school was founded **-Khana, Khelna, Padhna, Gaana, Sona** - in order to succeed in my quest for excellence.

I shall strive to be a dedicated citizen of my country and aim at strengthening the precepts enshrined in the Constitution of India.

TSPS Innovations (2024-25) TSPS DONS A NEW LOOK WITH ITS RENOVATION

Infrastructure

What makes a good school building?

A good school is driven by its educational vision and ethos. The role of school building, whether new are partly refurbished, can facilitate this vision. In school design there are many common parts, teaching spaces, staff spaces and large spaces.

However one size does not fit all. The school building needs to function, eliminating challenges such as cramped spaces, lack of natural light and bab acoustic.

What's more, school building should relate to their surrounding community, each offering its unique set of challenges and opportunities.

*What impact does a good school building have pupils and staff?

Having space and natural light should be an absolute given in a school building. It should be welcoming and uplifting, providing a sense of ownership and Pride for pupils and staff. Research has been carried out over the years on the impact of well design building and it's proved hard to measure, in terms of its impact on educational attendment, low pupil truancy, better staff retention and productivity or perhaps a combination of these factors.

TSPS DONS A NEW LOOK WITH ITS RENOVATION (Contd..)

*Modern Infrastructure:

The South Public School boasts modern facilities that create a conducive learning environment.

These include:

- ☐ Air- conditioned, well vitrified and posh classroom.
- ☐ Spacious playground with various sport activities.
- ☐ Well equipped computer lab and library.
- ☐ Secure campus with CCTV surveillance and security guards.
- **□** Online free payment option.
- ☐ Maths Garden.
- ☐ Separate music room with all musical instruments.

Bridge

TSPS has taken the initiative to introduce the game of Bridge to our school community. Bridge is a popular card game that promotes strategic thinking, problem-solving, and social interaction. It's a great way to develop critical thinking skills, improve memory, and build relationships with peers.

In our school, we aim to create a Bridge club where students can learn and play the game in a relaxed and supportive environment. Our goal is to foster a sense of community, sportsmanship, and healthy competition among our students.

Chess

Checkmate:

Chess, often regarded as a mere board game, has been gaining recognition as a sport globally. Its cognitive benefits, strategic depth, and competitive nature make it an ideal activity for schools to adopt. TSPS has decided to introduce chess as an indoor sport keeping in mind its advantages, and how it can benefit students. The benefits of chess are manifold such as

- ❖ Improved Cognitive Skills: Chess enhances critical thinking, problem-solving, and analytical skills.
- * Enhanced Academic Performance: Studies show that chess players perform better in math, reading, and science.
- * Enhanced Memory and Concentration: Chess requires focus, improving attention span and memory.
- Development of Strategic Thinking: Chess teaches students to plan, anticipate, and make informed decisions.
- Encouragement of Sportsmanship: Chess promotes healthy competition, respect, and graciousness in victory or defeat.

Thus, introducing chess as a sport in TSPS offers a unique opportunity to develop students' cognitive, social, and emotional skills. By implementing chess programs, schools can provide a holistic education, preparing students for success in academics and beyond. So, let's make the right move and bring chess into our lives!

Gymnastics

Gymnastics, a sport that combines strength, flexibility, and coordination, has long been recognized for its physical and mental benefits. By introducing gymnastics in TSPS, educators can provide students with a unique opportunity to develop their overall fitness, confidence, and self-discipline. TDPS decided to explore the advantages of incorporating gymnastics into our school curricula keeping in mind its advantages.

Benefits of Gymnastics in TSPS.

- Physical Development: Gymnastics enhances strength, flexibility, balance, and coordination.
- Improved Mental Health: Gymnastics reduces stress, anxiety, and depression while boosting self-esteem.
- * Enhanced Cognitive Function: Gymnastics improves focus, concentration, and spatial awareness.
- ❖ Better Body Awareness: Gymnastics teaches students to understand and control their bodies.
- ❖ Teamwork and Communication: Gymnastics fosters collaboration, trust, and effective communication.
- ❖ Introducing gymnastics in TSPS thus offers a unique opportunity to develop students' physical, mental, and emotional well-being. By providing a supportive environment and qualified instruction, educators can help students flip their way to a healthier, happier, and more confident life.

GALILEO GLOBE

NEW LOGOS, NEW VISION

The South Public School, under the visionary leadership of Director Mr. Deaven Dasture, has introduced four house logos that draw inspiration from mythology.

Each logo holds profound significance and is designed to instill distinct values in its representatives.

The Maharshi House's emblem Sword symbolizes power, protection, strength, and courage, empowering its students with these qualities.

The Netaji House's logo Trident, inspired by Lord Shiva's divine power and authority, represents protection and guardianship of the universe.

The Lokmanya House boasts the Sphere logo, embodying knowledge, wisdom, guidance, and the power of language. These logos were carefully crafted to cultivate these values in our students, reflecting the Director's commitment to nurturing exceptional individuals.

The Mace has been designated as the emblem of Acharya House, epitomizing the values of moral integrity and spiritual growth. It signifies the autonomy to govern oneself, the authority to lead, and the potency to wield wise and just power.

These logos were carefully crafted to cultivate these values in our students, reflecting the Director's commitment to nurturing exceptional individuals.

School Events - Teacher's Day

Teacher's Day Celebrations

The Teacher's Day celebration at The South Public School was a vibrant and entertaining event, marked by heartfelt tributes and fun-filled activities planned by the students. The day began with the traditional lamp lighting ceremony, followed by a motivating speech by our esteemed Principal, Dr.Mrunalini Dasture Ma'am who expressed deep gratitude to all teachers for their unwavering dedication and support. Her inspiring words set a positive tone for the day's celebrations.

The students meticulously planned a series of games and challenges for their teachers, adding a playful twist to the celebration. One of the main attractions was a round of Charades. This was followed by an exciting game of "Identify the Song from the Video", where clips from popular music videos were played, and teachers had to guess the song. Laughter

filled the room as the teachers enthusiastically participated, trying to recall the songs.

Another highlight was the "Repeat the Dialogue", but with a twist! They had to either narrate the dialogue in a slow-motion or fast-forward style, or deliver it in a different voice or emotion. After the games, students showcased their talents through dance performances dedicated to their teachers. From traditional dances to upbeat, contemporary numbers, the performances were full of energy and emotion, as the students expressed their gratitude through dance. The teachers were visibly moved by the students' efforts and creativity. In the concluding part of the celebration, a special prize distribution ceremony was held to honour both students and non-teaching staff. Awards for the 'Best Student Teacher' were presented for various subjects, recognizing students who had shown exceptional skills in teaching their peers.

It was a dark, stormy night. I was alone at home. Due to the storm, the doors were banging. I ran to the door and closed it. In front of my house, two cars crashed -boom. I went to sleep. I slammed the window in fear. Suddenly the lighs went, the fan was off but it was still moving and it was whirring.

I heard a sound – hiss!! I was really scared but it was only my sound of breathing. The clang sound came from my kitchen. I screamed out aloud, because I had a fear of the car crash. I was just thinking about my family accident.

From that day, I don't get dreams about my family.

My Favourite Game

My favourite game is tennis; it is the game I like the best from my childhood. I prefer tennis to any other game because it is not easy as hockey, football or cricket. A ball in hockey may strike your bone and leave it broken for life. A hard kick at football may dislocate your leg and make you game forever in cricket, the ball may strike your head and break it or hurt your nose of teeth. Tennis is such a safe game that even a child can play it without breaking limb or muscle. I take pride in playing tennis.

Workshop on Capacity Building for Active Learning

A CBSE Initiative The South Public School witnessed an enlightening workshop conducted by the Resource Persons of Central Board of Secondary Education (CBSE), Ms. Reena Dargan, Head Operations(School), PG & LTJSS, and Ms. Biji George, Principal, NEERI Modern School on August 31st, 2024. The Resource Persons were welcomed by Dr. Mrunalini Dasture, Principal, TSPS who acquainted them with the ethos and philosophy of the school. This Capacity Building Programme focussed on active learning, aiming to enhance the teaching and learning experience in The South Public School. This initiative sought to empower educators with innovative methodologies and strategies to foster a more engaging and effective learning environment.

The objectives of the workshop were as follows:

- 1. Develop educators' skills in designing and implementing active learning strategies.
- 2. Encourage student-centered approaches, promoting critical thinking, creativity, and collaboration.
- 3. Integrate technology to enhance teaching and learning processes.
- 4. Foster a culture of continuous professional development among educators.

The outcomes of the workshop were several:

- 1. Improved teaching methodologies, leading to enhanced student learning outcomes.
- 2. Increased educator confidence and competence in implementing active learning strategies.
- 3. Enhanced student engagement, motivation, and participation. Strengthened school communities, fostering a culture of collaborative learning. By investing in capacity building for active learning, CBSE thus aims to revolutionize the education landscape in India, preparing students for success in the 21st century.
